# Annual Gala

2014

Celebration of Life

## ENJOY THE POWERFUL SOUND AND SOUL OF R. CARLOS NAKAI

Our primary importance as musicians is trying to tell people that history can't be changed, but the future can be. Personally, I feel I should try to contribute something that would encourage people to change, to become more positive about our situation, to reorganize and reorient ourselves together instead of continuing to build walls.

—R. Carlos Nakai
